

# MAKO Undergraduate Mathematics Research Conference – 2008

Saturday, November 8, 2008

## Schedule

(All talks are in Cheek Hall 102)

9:00 am – 9:05 am	Welcome
9:05 am – 9:55 am	Invited Talk: Don Tosh, Evangel University “Flatland: Inference to Higher Dimensions”
10:00 am – 10:25 am	Valerie Granger, University of Missouri, Columbia “Sidedness of a Möbius Band with Respect to Embedding in a 3-Manifold”
10:30 am – 10:55 am	Daniel Kline, College of the Ozarks “The Levenshtein Distance Algorithm and Applications”
11:00 am – 11:25 am	Stephen Parry, Elmira College and Missouri State University “Period-1 and Period-2 Sequences”
11:30 am – 11:55 am	Melissa Moe, University of Missouri, Columbia “Polyharmonic functions and the Kelvin transform”
12:00 pm – 12:50 pm	Lunch – Cheek Lobby
1:00 pm – 1:25 pm	Nicole Typaldos, Missouri State University “Iterative Aggregation Disaggregation”
1:30 pm – 1:55 pm	Caleb Bennett, Missouri State University “Click and Clack’s Clock”
2:00 pm – 2:05 pm	Closing and final remarks – Cheek 102
